

The joint venture "Santek" SA Address: Zavodskaia, 3, or. Taraclia Republic of Moldova, MD-7400 tel. / fax: (+373 294) 2-35-92 Ivan Peev Born on August 28th, 1954, in Ursoaia village, Cahul district Power engineer; had graduated from Kishinau Polytechnic Institute (1978). From 2003 - general director of the JV «Santek» JSC. Rewarded with the «Gloria Muncii» order. Moldavian-Russian Joint Venture «San-tek» is very young yet. It began its production activity in 2003. However, despite such young age, this modern plant specializing in production of trim ceramic tiles became, without exaggeration, one of the most dynamically developing enterprises on the territory of the republic.

Multiple consumers from Russia, Ukraine, Kazakhstan, Uzbekistan, Kyrgyzstan, as well as from Moldova have appreciated quickly the quality of tiles from Taraclia, 70% of which is directed to export. Today, «Santek» products are so popular in CIS that the enterprise, which operates in the round-the-clock mode, manages hardly with all orders. There is modern automated equipment installed at the plant, which corresponds with European standards. Three hundred qualified workers ensure trouble-free operation of production lines and flow of processes. Technical and technological potential of the enterprise is used to full extent. Everyday, the plant releases 5 thousand sq.m of ceramic tiles. «Santek» products have quality certificates corresponding to standards of Moldova and Russia. Enterprise employs both local raw materials and construction materials from Ukraine and Spain. «Santek» pays strong attention to the improvement of professional skills of its employees, arranges extension courses, business meetings and exchange of experience; enterprise's specialists study and analyze new achievements and effective developments in this field striving for their implementation at the plant. Nearest plans of the enterprise include release of new collection from wall tiles of six types, floor tiles of three types; it is envisaged to implement original patterns and new design. Ceramic products of the JSC «Santek» are highly appreciated by specialists and are in great demand both at the domestic market and in other countries. JSC «Santek» is a participant of national and international exhibitions and fairs. Its products are marked with medals, diplomas and prestige premiums (Kiev, 2003; Moscow, 2003).
