From 1992 - director of «Bumerang» LLC. Since 1998 - director of CTV-41. «Bumerang» LLC was established in 1992. It has a large specter of activities, zootechnics being the priority branch. There is a complex for incubation, fattening and breeding of Italian geese operating at the enterprise. Eggs, dietetic meat and delicatessen liver are invariably on demand at the market of the republic. During a season, approximately 30 thousand birds are grown at the enterprise, which sells big amount of meat and liver.

In the nearest future, it is planned to improve and to develop methods of meat production and processing, to extend areas and implement new technologies. Besides, «Bumerang» also grows rare species of sunflower and produces non-re- fined sunflower oil. There is a workshop for seeds processing operating at the enterprise with capacity of 1.500 tons of raw material per year. Annually, oil-mills produce 500 tons of oil each both from own seeds and seeds supplied

by other holdings and agricultural companies. The enterprise participates regularly at «Farmer» exhibitions, which are held by the Exhibition Center «Moldexpo», as well as at exhibitions and fairs held in CIS-countries. Preparation of local TV programs occupies special place in the enterprise's activity. In 1998, «Bumerang» had arranged TV studio CTV-41, which prepares and translates programs in the national language, as well as in Russian and Bulgarian. These programs are about the economical and cultural life of the region, and are translated for more than 120 thousand of residents from 40 villages in the Southern part of the republic.
